FAMILY REFERRALS TO  
COMMUNITY RESOURCES

The mission of the Homeless Children's Playtime Project is to nurture healthy child development and reduce the effects of trauma among children living in temporary housing programs in Washington, D.C.

We seek to create a city that provides every opportunity for children in families experiencing homelessness to succeed by ensuring consistent opportunities to play and learn, offering support services for families, and advocating for affordable housing and safe shelter.

We have more than 100 volunteers who dedicate their time every week to support positive emotional development for one of the most vulnerable populations in the District. Our trauma-informed programs seek to restore normalcy by providing opportunities for children to learn and heal through play, and empowering them to make choices, express themselves, relate to others, and find support.

## VOLUNTEERS GIVE THE GIFT OF PLAY

Our dedicated volunteers make a weekly commitment to running one of our 18 weekly programs in four temporary housing facilities. We could not provide Playtime without them.

Additional volunteer opportunities include coordinating in-kind donation drives, cleaning our playrooms, and sharing special skills and talents with our youth.
